

# Lubricator

## Modular Lubricator Unit

### Clean Air System

Easy modular connections for all series  
Metal bowl guard protection of the inner bowl

#### Specifications

Model	AL2000	AL3000	AL4000	AL4000	AL5000
Port	1/4"	3/8"	1/2"	3/4"	1"
Fluid	Air				
Max Pressure	10 bar				
Temperature	-5°C ~ 60°C				
Bowl Material	Polycarbonate				
Oil Storage (cm <sup>3</sup> )	25	85		380	
Use Oil	Turbine Oil Class ISO VG32				

## Alfa Lubricant Oil (Turbine Oil Class 1)

### Features and Benefits

a. Excellent Anti-Wear

b. Anti-Rust and Anti-Corrosion Performance

c. Air Entrainment

d. Low Foaming

e. Resistance to Oxidation

f. Good Thermal Stability

Clear blue greenish . Safety Data Sheet . 4 Litre

ISO 32 viscosity grade requirements and is suitable for use in a wide range of hydraulic & pneumatic equipment
